Aqui tem Dana!

Nossas fábricas orgulhosamente produzem no Brasil componentes para atender às crescentes exigências das montadoras de veículos. Quase 90% dos caminhões que são fabricados no Brasil saem de linha com nossos eixos dianteiros e cardans. 3 das 5 principais picapes vendidas no Mercosul são equipadas com nossos eixos e cardans. Nossos tradicionais componentes de suspensão e direção são desenvolvidos e testados no Brasil para atender as desafiadoras condições de nossas estradas, com a certificação do INMETRO, obrigatoriedade para componentes de segurança.
